**Q.10 Here are two arguments that have been made about the amount the UK government borrows and how quickly this should be reduced through spending cuts and tax rises. Please say which of them is closer to your own view?**

The government's spending cuts and tax rises are hurting the economy. It should cut taxes, and/or cut spending less fast, even if that means we go on borrowing more for longer, because given how much we already owe, borrowing an extra few billion pounds cannot do much more harm	563 37%	304 40%	260 35%	83 40%	117 34%	120 38%	98 41%	63 38%	82 36%	101 37%	169 36%	91 38%	202 38%	52 24%	192 46%	25 30%	78 26%	175 46%	51 41%
Borrowing more at a time when we already owe so much money will simply make matters worse, as the country will have to pay even more money back in the longer term - we have to bring the debt and the deficit under control even if it has some painful effects for the economy in the short term	940 63%	448 60%	492 65%	127 60%	228 66%	196 62%	142 59%	102 62%	144 64%	170 63%	297 64%	149 62%	324 62%	166 76%	224 54%	59 70%	224 74%	202 54%	74 59%
