**Q.9 Below is a list of the five main changes that the UK's Prime Minister, David Cameron, is asking other EU leaders to make. How do you feel about each of these suggestions? Are they a good idea for the EU to adopt anyway, acceptable as long as they keep the UK in the EU, or not acceptable changes for the EU to make?**

	Changes				
	Ensuring that non-Eurozone members will not have to contribute to bailouts of Eurozone countries	Cutting EU regulations on businesses, and making sure the single market applies to more areas of trade between EU member states	Restricting access to some welfare benefits and social housing for people from other EU countries until they have lived and paid tax in the UK for four years	Allowing the UK to opt out from "ever closer union" so it will not be drawn into further political integration with other EU countries	Giving greater powers to national parliaments to block EU legislation
